LONG AWAITED ADVANTAGE FOR WEST COAST MORTGAGE COMPANY WITH DIRECT LINK ON HOMEPATH WEBSITE

6.2012- Roseville, CA Pinnacle Capital Mortgage Corporation received great news this year when it became approved direct with HomePath. A huge advantage to this approval is that there is now a direct link to the PCM website, www.pcmloan.com, via the Fannie Mae website. Other advantages include internal operations efficiencies within PCM to make the loan process smoother for all parties involved.

HomePath Mortgage allows a buyer to purchase a Fannie Mae-owned property with a low down payment, flexible mortgage terms, no lender-requested appraisal and no mortgage insurance.

PCM feels honored to have received this approval and continues to strive for excellence in all they do.
